

## IMPORTANT BULLETIN

June 22, 2016

### **MPEG-2 TO MPEG-4 TRANSITION PLAN UPDATE**

Shaw Broadcast Services would like to inform you that we have revised the MPEG-2 to MPEG-4 transition plan. Transponders have been mapped to be more efficient, due to improved compression algorithms, with an objective of having more signals on a transponder which may result in cost savings for receive equipment required in your head end.

Visit our website [www.shawbroadcast.com](http://www.shawbroadcast.com) to view these changes.

If you have any questions, please e-mail your Shaw Broadcast Account Representative.
