

Phase One Sequence of Events Timeline

April 4, 2017 to October 31st, 2017

Light Switch = change to MPEG 4 format instantaneously - no dual feed
 '(wks)' on timeline = length of dual feed
 '#' on timeline = sequence number for Phase One Sequence of Events
Subject to Change: Below is the Step by Step process to convert and move services in the first phase of the MPEG 2 to MPEG 4 conversion project. Unless otherwise specified, every dual feed converts the service to MPEG 4
