

## IMPORTANT NOTICE

March 8, 2021

### Relocation of Signals

There is a problem with the travelling wave tube amplifiers on two transponders of the ANIK F2 spacecraft which is causing intermittent signal pixelization. Due to this problem, we will be relocating services on transponders and making additional signal moves to be more efficient with our satellite bandwidth.

**Technical Coordinates: Dual Feed March 30th ending May 18th, 2021**

	CATV			MPEG	UCS		Satellite /	xKu LNB	Quad LNB	Modulation
